## Alcone Make Up Remover Cloths

Hundreds of celebs clean up with these! OK Magazine called them the lazy girl's answer to soap and water.

These luxuriously soft cloths are soaked with mild makeup remover to gently remove all makeup including mascara quickly and completely. You don't need water and there is no need to rinse. Just wipe away all of your makeup.

## Alcone Fast Lash

If you desire the look of a false eyelash without the hassle of application, this is the product for you. Fast Lash is a dry, white polyester fiber that adheres to wet mascara and builds length to the lash. When you coat the Fast Lash with a second application of mascara, the difference is natural-looking and dramatic. Use with any mascara.

How it works: Simply apply your favorite mascara. While still wet, touch Fast Lash wand to the tips of your lashes, then apply second coat of mascara. Comb through. Comes off when you take off your mascara.

Fast Lash Kit includes Fast Lash fibers, a professional mascara, an eyelash comb, and instructions.

Fast Lash is not recommended for sensitive eyes or individuals with extended-wear contact lenses.

"Fast Lash does just what the name says it does! With just one sweep, you get full-on, fierce lashes. Forget clumpy mascara formulas or applying several coats, which can just weigh down lashes. Fast Lash gives you big, beautiful lashes plus extra time in the morning for another cup of coffee."

## Koh Gen Do Aqua Foundation

Aqua Foundation is made with the deep sea waters of Rausa, Japan, to condition the skin with rich minerals and nutrients. These minerals are close in composition to those found in your skin, allowing for maximum absorption of moisture.

This sheer foundation will make you glow and will adapt to your skin tone allowing you to wear the same number whether you are tan or not. Simply pick the color that best matches your skin. If you have a yellow undertone, use the OC colors. If you have a pink undertone, use the PK colors.

Use the Illuminator (18 mL) to diffuse surface imperfections while adding a soft, dewy glow to your face. Blot or dab on after foundation to diffuse fine lines and brighten the skin. Can be used as a highlighter, as well. Apply sparingly.

## Embryolisse Lait-Crème Concentré

Known to our customers as the 24-Hour Miracle Cream.

Immediately provides skin with essential nourishing components to replenish lipids and rapidly repair it. Its formula, which has been used for decades, remains extremely simple and effective. The nourishing ingredients can be absorbed by the skin to restore its barrier function and smooth away imperfections caused by cutaneous dryness.

For normal, dry, mature, and sensitive skin types. Made in France

“Love love love this Creme. It’s a must have for any artist’s kit. I use it on almost all of my clients when prepping skin for foundation and it makes their skin feel like butter. For anyone with normal to dry skin, this is a beautifully textured moisturizer that won’t feel sticky. Don’t apply too much, and let it sink into the skin before applying your everyday foundation.

## Makeup International SuperMatte Face To Face Antishine Gel

This innovative gel mattes oily skin. It leaves skin feeling fresh and taut and won't produce that "caked on" feeling you get from powder. It is available in three sheer shades: light, medium, and dark.

Antishine is great not only for women, but also for men's palms, foreheads and balding scalps.

In an 18 ml. tube. This new tube packaging helps prevent evaporation.

"This little genie-in-a-bottle grants one very big universal wish for women and men with any skin type and color. It halts sweating and oily shine with a mere pat on the face. Another great product from Alcone. We love you, AntiShine!"
